

Information Technology

Cyber Security and Telecommunication Network Engineering

This course is mid-point of the Information Technology stream of courses and prepares the students with knowledge and skills for paraprofessional/highly skilled work roles and/or further learning at Advanced Diploma or Bachelor or level.

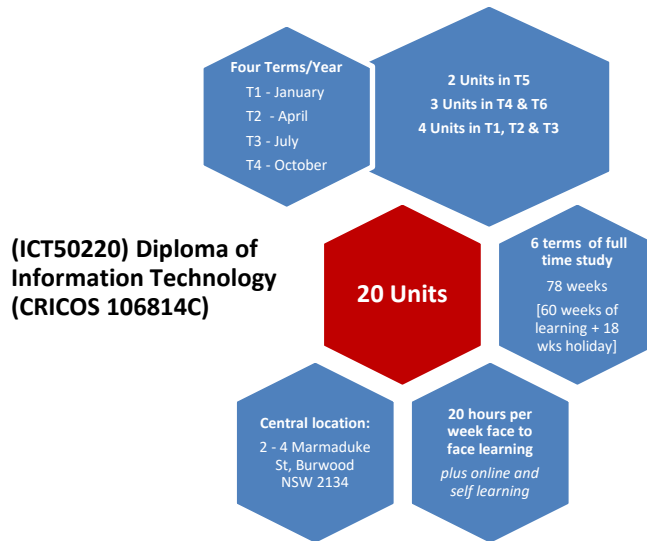

Individuals in these roles carry out a mix of specialist and complex operational tasks that require self-development skills. They use well-developed skills and a broad knowledge to autonomously judge and implement decisions within broad parameters to provide specialist advice and apply solutions to an extended range of unpredictable problems.

Teaching is conducted face-to-face, 20 hours per week in a classroom environment. Five hours each week of self-study is recommended during term time.

Teaching sessions are trainer-led in-group sizes of up to 30 participants. The teaching program is undertaken using a planned schedule in accordance with national standards.

The Sydney Metropolitan International College requires **offshore international students pay their first year's fees in full and in advance so as to assess their Genuine Temporary Entrant (GTE)** requirement proof for financial capacity to pay for the course. Following years' fees can be paid by instalments.

The Sydney Metropolitan International College provides the option for onshore international students and Australian domestic students to pay their fees through instalments. All term payments must be paid in full and in advance of the term commencing in order to maintain a valid enrolment.

Application Process

To enrol into a course as an overseas student at Sydney Metropolitan International College, applicants must complete an International Student Enrolment Form available from the website. The form should be completed in full and submitted by email to: info@smic.edu.au. A simplified application and study process is illustrated below:

The application for enrolment must be accompanied by:

- Evidence of IELTS proficiency (General Score of 5.5 with no band less 5)
- Evidence of a High School Certificate (the Australian year 12) or equivalent secondary schooling outcome
- Current Passport that has more than 3 years duration
- Current student visa for international students

When we receive your application, our Admissions Officer will review it for completeness. When the application is complete, the officer will organise a pre-enrolment interview with the student via phone, skype or other means. If the officer is satisfied with the applicant's documentations and interview, you will be issued a Letter of Offer, sometimes with condition, with an invoice for initial payment of fees and a Student Agreement form. This Offer is valid for 2 weeks. Within this period, you need to accept the offer by paying the fees and returning the completed Written Student Agreement, with any other documents stated in the conditions such as IELTS score and education proof.

Upon receipt of your acceptance and approval of your application, an electronic confirmation of enrolment (eCoE) will be generated and forwarded to the Department of Home Affairs and yourself at the address provided on your application with an official receipt for the fees paid.

International students can then proceed with the application for an Australia visa. It is the applicant's responsibility to apply and obtain a student visa.

Visa Related Information for Students

Making a Student Visa Application

Complete the online form through the DHA's ImmiAccount and pay the application fee. <https://immi.homeaffairs.gov.au/visas/getting-a-visa/visa-listing/student-500>
